Pupils should read and spell mathematical vocabulary correctly and confidently, using their growing word-reading knowledge and their knowledge of spelling. Aims The national curriculum for mathematics aims to ensure that all pupils: Become fluent in the fundamentals of mathematics, including the varied and regular practice of increasingly complex problems over time. They begin to decide which representations of data are most appropriate and why.

Studentsmightbeaskedtobrainstormmultiplewaystorepresentamathematic parts of speech to identify variables and functions in a mathematical model is a new approach, as is the insight that examining aspects of grammar is highly useful when formulating a corresponding mathematical model.
