I don't like action movies. The facts with which pragmatics deals are of various sorts, including: Facts about the objective facts of the utterance, including: who the speaker is, when the utterance occurred, and where; Facts about the speaker's intentions. But these processes are not sequential. Languageshapesoursocialinteractionsandbringsordertoourlives.Theot  
languages are designed to fit the meanings they are to express, so the connection between language and proposition should not be a tricky issue.
