In Augusta border incident occurred where two South Korean soldiers were wounded after stepping on landmines that had allegedly been laid on the southern side of the DMZ by North Korean forces near an ROK guard post. It seeks to link scientific information and policy making for the future DMZ ecosystem management, taking into account the fact that the area has become, over the years, a natural treasure as a habitat for rare birds and other wildlife and a fertile environment for a thriving plant community. Main article: Balloon propaganda campaigns in Korea.

Solutions already proffered include the creation of a series of dedicated corridors. The Economist. Since demarcation, the DMZ has had numerous cases of incidents and incursions by both sides, although the North Korean government typically never acknowledges direct responsibility for any of these incidents there are exceptions, such as the axe incident.
