When it was over, D'Arcy came away from the window. He then explains that there is a game played with a map, where one player names a place and the other must locate that place spelled out on the map; the newer players usually assign tiny place names to their opponents, but experienced players choose names that are written very largely on the map because they are more difficult to mind.

But this is a point, it appears, somewhat above or beneath the understanding of the average man. Even so, he managed to do well in his classes and earn the highest university honors. View the Study Pack. He explains the situation to Dupin, including the various methods. The Chief Inspector then leaves to take the letter to the Queen. In order to create a diversion, Dupin, perhaps, the most really energetic human being now alive --but that is only when nobody sees. Dupin has a companion, the narrator who plays the part of the listener, the man of middling intelligence who must be enlightened about what is happening, and who thereby passes the necessary information on to the reader.
