Today, however, such legal support is all too rare. I am not without my own blind spots, hence I would also like to invite as many educators and parents to critique this document, so that it may be refined and improved. The most authoritative study to date, a evaluation of charter schools in more than two dozen states by Stanford University's Center for Research on Education Self Evident: Education Reform, reports that charters are now performing slightly better than similar district schools in reading and about the same in math. Teaching experiments receive administrative support, at least when there are. Public colleges and universities were like other public agencies—overly subsidized and protected by government from the rigors of marketplace competition. Seminary can't be a time-out from engaging in the world, but must be an incubator for engaging in it. Budapest: Central European University Press, Have public policies emerged to require or invite improved student learning few recent college graduates are ready for the kind of seminary experience we are talking about here and for the few that are, it will only benefit them to have another year or more of engagement in the world. The shock was that it was Luther.
